- 14:20 **Lectures by the organisers of the training courses**
- 15:30 **Opportunities in the Marie Curie Programme**
- 16:00 **Careers in interdisciplinary environmental research**
- 17:15 **Presentations from METIER participants**
- Remote sensing of air, land and water (Room Sicco Mansholt)
  - Data management, visualisation, modelling and forecasting (Room Jean Durieux)

## Thursday, 5 November

### **Morning Session**

- 09:00 **Opening words** by the **PEER chair**
- 09:15 **Opening words** by the **host**
- 09:30 **Presentation of METIER** by the Coordinator
- 09:45 Invited Master Lecture I: "**Four Challenges or one? Population, Food, Energy, Climate**" (*Patrick Cunningham*)
- 10:45 Discussion
- 11:40 **Senior Scientist Lecture 1 – Climate**
- 12:00 **Young Scientist Lecture 1 – Climate**
- 12:20 Discussion

### **Afternoon Session**

- 13:40 **Senior Scientist Lecture 2 – Water**
- 14:00 **Young Scientist Lecture 2 – Water**
- 14:20 Discussion
- 14:40 **Senior Scientist Lecture 3 – Biodiversity**
- 15:00 **Young Scientist Lecture 3 – Biodiversity**
- 15:20 Discussion
- 15:40 Coffee Break + **Poster Session 1**
- 16:30 **Senior Scientist Lecture 4 – Land Use**
- 16:50 **Young Scientist Lecture 4 – Land Use**
- 17:10 Discussion
- 17:30 **Working Groups I**
- **Climate & Water** (Room Jean Durieux)
  - **Biodiversity & Land Use** (Room Sicco Mansholt)

## Friday, 6 November

### **09:00 Working Groups II**

- **Climate & Land Use** (Room Jean Durieux)
- **Biodiversity & Water** (Room Sicco Mansholt)

### **10:30 Coffee Break + Poster Session 2**

### **11:15 Working Groups III**

- **Climate & Biodiversity** (Room Jean Durieux)
- **Water & Land Use** (Room Sicco Mansholt)

### **14:00 Presentation of working group results**

### **14:30 Invited Master Lecture II: "Next Generation Digital Earth" (*Max Craglia*)**

### **15:30 Discussion**

### **15:45 Conclusions by the PEER chair**

### **16:00 End**
